Ayer's Cherry Pectoral.

For the rapid ours of Coughs, Colds, Hoarseness, Bron-chitis, Whooping Cough, Asthma and Consumption, is universally known as the best remedy ever yet discovered for every variety of Pulmonary disease. So wide is the field of its usefulness and so numerous the cases of its cures, that aimost every section of the country ab unds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hes-liate what antidote to employ for the distressing and dangerous affections of the pulmonary organs which are inci-dent to our climate. By its timely use many, may almost all attacks of discare upon the Lungs or throat, are arrested and thos are saved many thousands every year from a pre-mature grave. No family should be without it, and those who do neglect to provide themselves with a remedy which wards off this dangerous class of diseases, will have cause to deplore it when it is too late. Proofs of the surprising efficient of the Cherry Pectoral need not be given to the American people,—they have living proofs in every neighborhood. But those who wish to read the statements of those whose health has been restored and whose lives have been saved by its use, will find them in my American Almanac, which the Agents below named have to furnish gratts for every one. have to furnish gratis for every one. Scold, scold away; A deuce a bit of comfort

Upon a washinged y .- Old Song. A new one borrowed for the occasion, to be sung at breakfast)

The washing's done to day;
Rumse's Tub has done the jub;
So you need not go to middlebery 2 's, or Casey's or any place else to get your dinner as an excuse to stay away!

If aving purchased the exclusive right of this city and county is self Wischer's Patent Wash-Tub, and having given if a thorough trial, offer it to the citizens at as low a price as they can be manufactured. This Tub is no Machine; is has no cranks, come, belie, where, or any thing about it that can possibly get out of order, and can be worked by a "one suggest power," and a "small" one at that. Buil directions for using will accompany each Tub, and an Tub that does not give perfect satisfaction "may be returned and the managraphical". As an evidence of its utility see correspondence below.

Recommend Orrige. to stay away!

Ma. D. G. Russer-Dear Sire My washer-woman says your Tob saves a "heap of scrubbing." Yours truly, JO. L. RYAN, Ony Marshall.

D. G. Remar-Dear Sir: The Wash Tub I purchased of you I have satisfactorily tried, and one recommend it to every house-leeper as a inher saving machine. The work done by it is far superior to that done on the common wash-board, and moreover, saves a libe fatigue attendant upon the old way of washing. Yours respectfully,

E. J. MRIGS.

Mr. D. G. Remeur—Dear Siz: I take great pleasure in recommending the Washerun I purchased of you. It is truly a laboreaving machine, and one not likely to get out of order. Several of my neighbors have expressed a wish to obtain one, and will probably do so on their first visit to the city. They are what every house-keeper should have.

Yours truly,

W. D. Sa ER. Yours truly, W. D. BAKEN, R. E. Tax Collector for Unvision county.

Mr. D. G. Russey—Dear Sim The Wash Tub I bought of you is the best thing of the kind I ever aw, and recom-mend every lamily to buy one. Yours truty, H. B. FRENCH. County Rights for East Tennessus for the shore Wash ab, disposes of to the best advantage to the purchaser, febbs.

THE PERSON NAMED OF THE PARTY O

PIANOS & MELODEONS.

G. W. KIBBEE W HO has been for many years located in Tennessee as a Tuner and Repairer of Pianos, would respectfully call the attention of the musical public to the fact, that he visited New York last year for the purpose of making arrange-lited New York last year for the purpose of making arrange-lited New York last year for the purpose of making arrange-lited New York last year for the purpose of making arrange-lited New York last year for the purpose of making arrange-lited New York last year of weeks in that great mements. After spending several weeks in that great mements of the came to the conclusion—and who might be judge in this came it a Tuner of twelve years is not—that the Pianos of came it a Tuner of twelve years is not—that the Pianos of Lighte, Newton & Bradhury's should be preferred to all others. He accordingly made an agreement with them, whereby he is embled to furnish Planos at retail cost in New York, treight and charges added, so that every one who have of him may know that he is not paying more for his article than he would be charged by the manufacturers themselves if he were to visit them in person. This floure is making twenty Pianos per week, a much greater number than is made by any other in the United States, and for purity and volume of tone and fineness of finish, both inside and out, the proof is that they stand wholly curivalled. These Pianos were awarded the first premium by the juries of the World's Fair and the Fair of the American Institute in 1858. Among the many Musicians and Amarican the second of the came in the time are armined these Instru-

juries of the World's Pair and the Fair of the American Institute in 1833. Among the many Musicians and Amateurs who have from time to time examined these Instruments, testified to their superiority, and recommended them to their friends, are LOWELL MASON and THOS HASTINGS, of world-wide celebrity, H. C. Time, President of the Philharmonic Society, N. Y., THEODORE SLEFFELD, conductor of the Philharmonic Fociety, N. Y., GROIGE F. FOOT, jurer in the Fair of the American Institute, in 1853, J. Leavi, U. C. Hill, F. H. NASH, EDWARD HOWS, Jr., &c., &c. Gno. J. Wann, of Boston, the well known and popular Teacher and Composer, after examining these instruments and testifying to their entire superiority, opened a House in Boston, the central point of the once renowned Chickering, and within a short time sold upwards of Forty Planos. to his music. I friends and acquaintances, many of them of the highest style and finith—\$600 or \$700. This is the first New York Piano Agency ever established Boston.
Geo. F Bararow, of New York, the distinguished cor er, Organist and Pianist, was authorized by the New York Harmonic Society to select the deaf Piano that could be

made for their use. He gave the preference to Lighte, Newton & Eradbury's "large scale" over all others, Grand's not excepted, and purchased one for the use of the Society. But Mr. Kissam deems it unnecessary to multiply words But Mr. Kissen deems it unnecessary to multiply words to the people of Middle Tencessee. The fact, that he has been for many years a successful Tuner among them, and has met with, and Tuned and Rspaired Piacos of every make, should inspire confidence in his judgment; and the fact that he regularly visits them twice a year would show that it is more to his interest to sell them a good Piano than it could be to that of any other dealer. As to the price and outsity of these Pianos. Mr. Kinage exhibits the than it could be to that of any other dealer. As to the price and quality of these Pianos, Mr. Kinsex exhibits the price list and description of the Makers, which contains twenty different styles at prices, ranging from \$250 to \$500, at their Ware Rooms, No. 421, Broome Street, New York. So there can be no deception practiced with reference to price or style of finish, although the Pianos are not seen until de ivered, and he is authorized by Mesers, Lighte, Newton & Bradhury to give warrantees of all their Pianos sold by him. sold by him.

Mr. Kinner also visited the well known Melodeon Establishment of Carhart, Needham & Co., No. 97, East 22d St., New York, and made an arrangement with them to furnish Melodeons, so that he can sell them at their New York retail prices, freight added, These Instruments have become very popular in the Eastern and North-Western States, and truly deserve the notice of all those who are

"Charmed by concord of sweet sounds." He has also an arrangement with the "rm of Firth, Pond & Co., New York, which enables him to furnish Sheet Music and small Musical Instruments at New York p ices. All communications from the country on the subject of Pianes or Meindens or of Tuning and Repairing will be promptly attended to. NO HUMBUG:: THE undersigned have purchased the Patent right of H. Williams' DOUBLE ACTING BALL VALVE

Force and Lift Pump, For the States of Tennessee, North Carolina. South Carolina Georgia, Florida, Alabama, Mississippi and Lousiana. We have tested the Pump in all the recommended uses for cripaary purposes—in wells, and as fire engines; and heaitate not to say that it is superior to any pump now in use. It is simple and plain in its construction; can be taken to pieces or put together by any ordinary man, black or white, in half a minute. There is not a screw or bolt about the pump; there is the least imaginable friction—honon its durability. It is almost impossible for it to get out of fix by usage.

When used for a well or clatern it can be converted into a fire Knglos in one minute, and by one man water can be thrown over the telless houses in the country. It is invaluable as a Fire Engine, and expecially in the country or country sowns. able as a Fire Engine, and especially in the country or country towns.

It is equally well adapted to all machinery, Railroad Tanks, Ac., and will, when a nown, supermeds all other pumps. It can be used for either bet or cold sater.

Having fully satisfied usualway us to the capacity, value and utility of the Pump, we are ready to make sales of the above territory by counties or States, (except the Western District of this State, which has been soid.) We confidently recommend the Pump to the citisens of the distess mentioned.

The Pumpsare chemp, and therefore within the reach of every family.
